

## Why donate?

Any donation, large or small, will help to make a difference to the lives of the musically gifted blind or partially sighted children we support.

A child like Grace

Grace was born with no sight. She is now seven and takes great delight in her new drum kit, given to her through The AMBER Music Awards. With help, she may become an accomplished musician. Ultimately, Grace will benefit from significant personal growth and gain a tremendous amount of self-confidence through access to music. Already she is developing skills that enable her to take part in activities, such as joining a band or an orchestra. This means that she is overcoming barriers that might otherwise hinder her integration into mainstream society. What your money pays for
